

Question Comparison

Directions: Use the chart below to record the number of items found within each assessment.

Test	Number of multiple choice questions	Number of short answer questions	Number of extended response questions
Publisher or teacher developed test			
Electronic test			
Ohio Practice test (for grade ___)			
Other			
Blueprint (for grade ___)			

Directions: Determine the percentage of questions asked in each category.

Test	Percentage of multiple choice questions	Percentage of short answer questions	Percentage of extended response questions
Publisher or teacher developed test			
Electronic test			
Ohio Practice test (for grade ___)			
Other			
Blueprint (for grade ___)			

Please Reflect

- How does the percentage of each type of question compare to each other?
- Given the information above, what would be an ideal number of multiple choice, short answer and extended response items a teacher would include on administered test (i.e. quarter tests, unit tests, exams)?
- What assumptions can be made?
- Based on your results, create one assessment goal to deploy within your classroom assessment system this year.
